Goal #1: Diversity & Inclusion Toolkit

UCI Division of Finance and Administration | With U • For U

Building a Culture of Diversity & Inclusion through...

PRONOUNS

DID YOU KNOW?

One-in-five Americans say they personally know someone who prefers a pronoun other than 'he' or 'she'.
https://www.pewresearch.org/fact-tank/2019/09/05/gender-neutral-pronouns/#_r=19-08-14_genderpronouns_1/

CONTEXT:

Pronouns are words that refer to either the people talking (like you or I) or someone or something that is being talked about (like she, they, and this). Gender pronouns (like he or them) specifically refer to people that you are talking about.

Gender pronouns are an important part of how people communicate. They take the place of nouns such as names and allow people to easily share information about themselves.

CONVERSATION ENGAGEMENTS:

Incorporate gender pronouns in everyday use, with these strategies:

- Edit your on online platforms such as email signatures, Teams, and Zoom to include your pronouns
- Verbal introductions and check-ins are great opportunities to solicit gender pronouns. As names and pronouns can change over time, it is preferable to regularly incorporate these questions into meetings and introductions. Asking about a person's pronouns may initially feel awkward or uncomfortable, but it is preferable to making hurtful assumptions and using the wrong pronoun. Here are some ways you can do this:
 - "What pronouns do you use?"
 - "How would you like me to refer to you?"
 - "How would you like to be addressed?"
 - "Can you remind me which pronouns you like for yourself?"

"My name is Joshua and my pronouns are he, him, and his. What about you?"

- Do not assume peoples' pronouns based on their appearance. It's okay to ask. How can we ensure everyone feels included? For example, adding pronouns to your nametag at events. Come back to this
- Asking UCI community members what their gender pronouns are, and consistently using them correctly is one of the most basic ways to show your respect for their gender identity.
- "They" is now recognized as a grammatically correct singular pronoun. Do not get stuck on the grammar

Standard Questions

1. Do you feel motivated to take action on anything you learned?
2. What other ideas or thoughts come to mind?

UCOP Policy to Scrap Single-Use Plastics

In support of a systemwide initiative, UCI is transitioning away from plastic bags, food service items, and bottles in retail and dining locations as part of zero waste goals. Below is a timeline of the phase-out plan:

- Jan. 1, 2021: Plastic bags in retail and food services eliminated.
- July 1, 2021: Single-use plastic food service items (straws, utensils, stirrers) replaced by compostable or reusable alternatives.
- July 1, 2021: Dine-in facilities will provide reusable food service items (plates, cups) and to-go facilities will provide compostable or reusable alternatives.
- Jan. 1, 2023: Purchase, sale, and distribution on single-use plastic beverage bottles phased out.

DFA Employee Recognition Program

Every day is an opportunity for colleagues and managers/supervisors to recognize the great work of our people in the following categories:

- **CARE** (Customer Appreciation Repeatedly Expressed)
- **IDEA** (Innovate Discover Encourage Achieve)
- **SAFE** (Safety Award For Excellence)
- **TEAM** (Together Everyone Achieves More)

EMPLOYEE PROFILES

Diversity vs. Inclusion

Diversity and inclusion are so often used in the same sentence that we might think they mean the same thing. Diversity is the human differences that are both visible and invisible, such as age, gender, disability, ethnic background as well as socioeconomic status, sexual orientation and marital status. Inclusion refers to a cultural and environmental feeling of belonging. In a work environment inclusion would be a culture where employees feel comfortable, included, and accepted. True workplace inclusion removes barriers, discrimination, and intolerance to ensure that all employees feel included and supported.

Managing Implicit Bias Training

The UC Managing Implicit Bias Series is a six-course online training series designed to increase awareness of implicit bias and reduce its impact at the university.

The series reinforces the UC diversity, equity, and inclusion values that enable the university to attract and retain a top talent workforce, and it further supports the UC commitment to developing effective leaders and managers of people. It is intended to supplement existing location programs and resources.

DFA has set a goal for all managers and supervisors and a stretch goal for all staff to complete the training.
