

Dear Campus Community,

As announced last June, UCI executed a lease agreement with Wedgewood to operate and manage the University Club. Renovation upgrades are well underway which include a facelift to both the interior and exterior of the building, as well as new outdoor patio seating.

Construction is scheduled to be completed by the end of May. Restaurant setup, training, and private training events will take place in June. The facility will open to the public in the beginning of July, with the first private event scheduled for July 6th.

The featured design renderings offer a preview of things to come.
